This flyer was created in cooperation between the cities of Friedberg and Bad Nauheim.

Dear Tenants, please help us! Here you will find a brief overview on the disposal of waste in Bad Nauheim. Help us by disposing of your different wastes in the appropriate container.

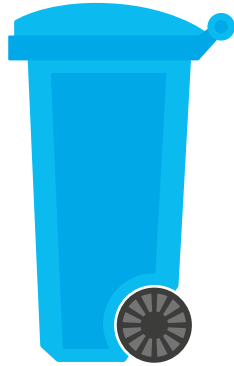

THE SEPARATION OF WASTE IS AS SIMPLE AS THIS:

bad-nauheim.de/buergerservice/abfallentsorgung

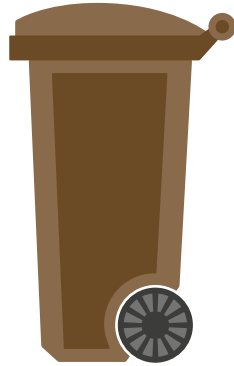

RESIDUAL WASTE BIN

PAPER BIN

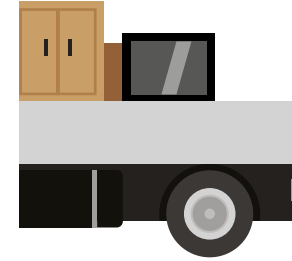

ORGANIC BIN

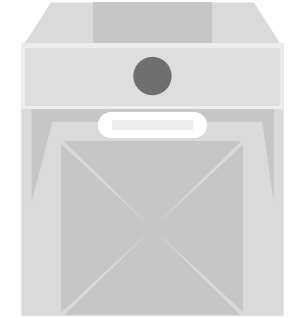

YELLOW BAG

BULKY WASTE

BOTTLE BANK

The following types of domestic refuse/garbage, which cannot be recycled or reused, should be put in the residual waste bin (refuse/garbage bin).

Sanitary towels, serviettes, Porcelain, ceramics, Light bulbs, Vacuum-cleaner bags, Diapers/nappies, Wallpaper residues, Audio and video tapes, Cat and animal litter.

Electrical and electronic devices may not be disposed of in the residual waste bin.

Clean paper and cardboard belong in the paper bin.

Cartons, paper board containers, Newspapers, magazines, Catalogues, Cardboard packaging material, Writing and computer, paper, Cardboard files, Books, empty sugar and flour bags.

Paper that is dirty, residues of wallpaper and beverage cartons should not be placed in the paper bin.

Organic waste is collected in the organic bin so that it can be converted into compost in a composting plant.

Flowers, Garden waste, Leftover food (including cooked food), Coffee grains, filter bags and tea-bags, Fruit and vegetable skins/peelings

Tips: Wrap all wet and smelly organic waste in newspaper. Allow fresh grass cuttings to dry out.

In the yellow bag belongs all lightweight packages marked with the „green point“.

Tins, Aluminium pans and wrap, Clean plastic bags and wrap, Drink and milk cartons Styrofoam packaging

Some kinds of things do not belong in the yellow bag:
Glass, paper, wood, batteries, electrical appliances, used clothing, light bulbs.

Coming under this heading are items of bulky waste/rubbish (Sperrmüll) from your household which by reason of their size, weight or quantity do not fit in your residual waste bin.

Sperrmüllservice:
Kur- und Servicebetrieb
Bad Nauheim

You can hand over hazardous wastes such as paints, lacquers, domestic chemicals etc. to the hazardous waste collection truck (Umweltbrummi).

Bottles bearing the green point should be put - sorted by colour - in the appropriate bottle bank.

Bottles, Screw-top jars, Coloured jars/bottles belong in the green glass bottle bank

Window glass, glass for mirrors and light bulbs should be put in the residual waste bin.
